

The Basque Country, a treat for the senses

Restaurant in Donostia-San Sebastián

Euskadi makes the ideal destination for a perfect experience, enjoy its rich cultural heritage, feel the warmth of its people, indulge in its world class gastronomy. Its three capital cities, unique and different, are also the best windows onto the Basque Country. Avant guard tendencies mix brilliantly with the millenniums old cultural vestiges to be found around every corner. Inland Euskadi is the perfect ticket to an authentic rural world, whilst the coast, with beautiful fishing villages full of by gone times charm, harbour unique beaches for chilling out.

Yet, one of Euskadi's most international and appreciated values must be its gastronomy. Good food is central to Basque culture. Outstanding produce, internationally renowned chefs and unbounded creativity make the culinary art of Euskadi possible. Michelin star rated restaurants, bar counters brimming with sophisticated pintxos, or the bodegas of the Rioja Alavesa, the land's greatest wines, are perfect to enjoy the best of haute cuisine. Basque gastronomy is most definitely state-of-the-art; it provides the chance to enjoy extraordinary and unrivaled ways of food preparation and glorious dining experiences.
